

SMART Response: Answer Key Only Assessment

Create SMART Response Answer Key

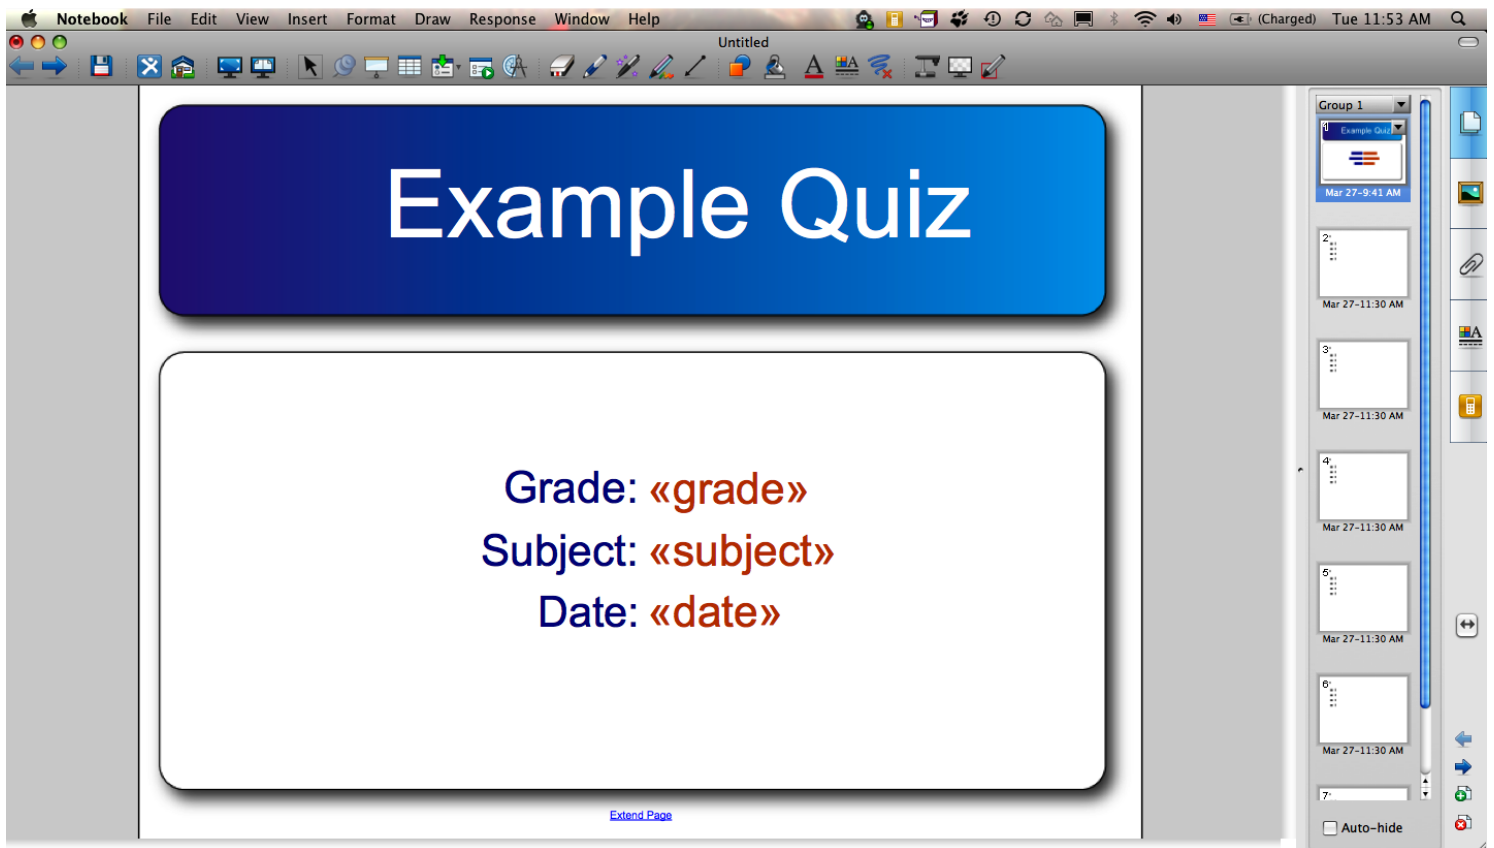

1. Open Notebook
2. From the top toolbar, select **Create Answer Key...**

Answer Key

1. Create a Title for your Answer Key
 2. Select the type of question
 3. If choosing Multiple Choice or Multiple Answer, select how many choices for the question.
 4. Select the correct answer or type in the answer.
- **Repeat the above steps for each answer.
5. Select **Create**

Notebook File

The blank slides will be added into a Notebook file with a Title page.

Update the title page if desired.

****SAVE Notebook file.**

Administering an Answer Key Only assessment

You can keep your projector turned **off** during an Answer Key Only assessment.

1. Start your class from the Teacher's Tools
2. Have students sign in with the SMART Response remotes
3. Open the created Answer Key Only Notebook file and start the assessment
4. Have students read the questions from their printed paper and enter their responses on the remote.
5. Stop assessment when all students are completed. Export results or view/print data from the Teachers Tools.
